COMMITTEE TO RESTORE CARBONDALE CITY HALL

Thank you all for coming tonight. I would like to talk to you tonight about the purpose of saveing city hall, (1) To keep a historical building around for all people to enjoy at all times. (2)To keep a historical monument that was built at the height of Carbondales most prosperous time the age of black diamonds which brought Carbondale some of its most magnificent buildings that we see today and one of which is our city hall.
(3)We would like to see our city hall on the national landmark list which Mr. Powell has already sent out and we are almost sure that this splended building will be made a national landmark. (4)We would like to see the clock run again which is our first project on this building. (5)The selling of the 50/50 chances will be discused and distributed tonight.(6)One last word please help us save this building in any way you can either donate money or your time.

Thank you,
THE COMMITTEE
